REACH DECLARATION

Ref. REACH E.C. No. 1907/2006

The REACH Regulation is the legislation that governs Registration, Evaluation, Authorization and the Restriction of Chemicals. Its purpose is to improve the protection of human health and the environment through improved identification and early detection of the intrinsic properties of chemical substances.

Our company pays great attention to the obligations created by the REACH Regulation and the continuous evolution of the same to ensure the safety of its products.

F.LLI MAURI S.p.A. states that all its range of products does not release any chemical substances (253 substances according to concession dd. 04/02/2026 - D(2025)7771-DC) in normal applications and therefore complies with REACH requirements.

To date based on information currently available to us, we are not required to register our products or issue safety data sheets as they do not contain any substances concerned by REACH in concentration higher than 0.1 % weight/weight.

List of SVHC substances ECHA published: <https://echa.europa.eu/candidate-list-table>
